### Chart Your Bird Conservation Growth — PLEDGE TO CONSERVE BIRDS

Read the actions you may take  
to conserve birds written on the tree  
trunk, bird feeder, pond, and birdbath.  
Color the matching section of the tree  
trunk or object and place a bird  
sticker on the tree each time you  
complete an action.

3  
I support wetland conservation by  
purchasing a duck stamp.
